

Children's Rehabilitation Foundation™

It's About Ability!

Your support on Giving Tuesday changed Iyad's life

Thanks to your generosity and the incredible matching donation from the Platinum Jets organization, Iyad is receiving his new myoelectric hand.

Born with a partial hand amputation, everyday tasks have often been more challenging for Iyad. Your gift is helping provide this bright and enthusiastic teenager with independence and the ability to participate in activities with his peers.

Iyad's custom designed hand is under development now. He is so grateful for your kindness and looks forward to his new hand enhancing his quality of life.

You made the Winter Carnival possible

Your generous support brightened youths' spirits this past December. The Leisure in Fun Environments (L.I.F.E.) program hosted its Winter Carnival where children and their families were able to enjoy safe holiday festivities.

Your donations funded this fabulous event which included sled races, snow painting, gingerbread house decorating and photos with Santa.

It can be very difficult for families to find recreational opportunities suitable for their child's needs. It's because of you the L.I.F.E. program is able to help fill this gap and put many smiles on faces.

Your donations fund leading-edge research

Did you know your investment supports a talented team undertaking pediatric rehabilitation research? Your contributions fund research initiatives that help RCC provide the best care, assist clients and families in understanding their diagnoses, and provide them with information on how their children can reach their full potential.

A night to remember ... because of you

Your commitment made A Night of Miracles amazing! Nearly \$120,000 was raised in support of life-changing custom equipment and vital programs at the Rehabilitation Centre for Children. A huge thanks to our fabulous event partners Gusto North and Confusion Corner for delivering a great evening for the over 200 guests and our special attendee, ambassador Kyrie.

Kyrie and her family feel your support.

Guests show up for the cause.

Save the Date: Cruisin' 2022

The days are getting longer and that means Cruisin' Down the Crescent is getting closer! Please mark Sunday June 12 in your calendar and stay tuned for breaking event details in the weeks ahead.

Together we will raise vital funds in support of youth living with disabilities.

Thanks to your continued support, The Children's Rehabilitation Foundation is able to provide many children and youth in our community the support they need to reach their dreams.
