

## Thank you for being their champion!

### Your support enables their communication

There's nothing quite like the gift of communication.

The ability to communicate with family and friends is something so many of us take for granted. For non-verbal children and youth, this life-changing skill is crucial to enhancing their ability to be active participants in their family, school and community. Did you know donors fund the purchase of specialized iPads and sophisticated EyeGaze technology?

Thank you to our incredible donors, including **TELUS** and **The Winnipeg Foundation** who have helped give deserving children a voice.

---

### You gave children and youth the most incredible gift

Thanks to your generous donations this spring and summer, many children's bike riding dreams have been fulfilled. Your support of the 25 Bikes campaign helped the Foundation fund 11 bikes so far.

The physical, therapeutic and social benefits of bikes are tremendous. We have been overwhelmed by the impact this new equipment has on children, their families and larger community.

Thank you once again for helping provide freedom, independence and mobility!

*Pictured: A grateful bike recipient receiving his new wheels earlier this summer.*

---

### Your commitment was incredible!

Thank you to all of our sponsors, golfers and volunteers for your investment in our July 18 Tee Off for Ability golf tournament. A sold-out crowd enjoyed a beautiful day on the links at Southwood. Spirits were high and donor generosity helped raise \$90,000.

Your commitment to all children and youth who receive care from the Rehabilitation Centre for Children is so appreciated.
