

YOUR GENEROSITY WILL BE A GAME CHANGER.

Please give a warm welcome to our 2024 ambassador!

We are honoured to introduce you to twelve-year-old Jacoby. A spirited, engaging, kind-hearted and playful pre-teen.

Jacoby lives with cerebral palsy, a condition which affects his movement, posture and eye sight. He has been receiving exceptional care from the amazing Rehabilitation Centre team for a decade.

Your support of the Foundation has made a difference to Jacoby in so many ways. He is an avid LIFE Program participant, attending spring and summer camps, Saturday Night for Teens and Workout Group. Your donations fund all of these amazing programs. He has also received specialized equipment including an adaptive tricycle to enhance his mobility and independence, a cruiser and smart home technology. His condition is chronic and Jacoby will require ongoing support for his development and quality of life.

This social young boy loves sports, Mama Mia, pizza and spending time with his twin sister Addison. His parents, Vanessa and Tyler, are so grateful for your generosity and kind-hearted nature.

We look forward to sharing what Jacoby is up to these next 12 months. You won't want to miss his first big initiative ... Smile Cookie!

Your contribution will fulfill bike wishes!

Liam, a gentle twelve-year-old who lives with autism spectrum disorder, has difficulties with motor skills, balance and coordination. A custom adapted tricycle of his own will make a tremendous difference to his quality of life.

It's hard to put into words what adapted bikes mean for youth. It's magical to see young people who need

our help riding with classmates, friends and family, exploring and being a part of their community. **Your generosity this spring will make this a reality for Liam and his peers on the lengthy waitlist.**

Do you want to help fund a bike? Please contact **Mia Dunn** at **(204) 258-6702** or donate online at **25bikes.com**
