

You created a world of opportunities for deserving youth.

My immense gratitude to our donors, sponsors, partners and volunteers. Along with the children and youth we support, you are the heart and soul of our organization and your kindness has a far-reaching impact.

Your incredible contributions this past year enhanced Braelynn and her peers' lives. I invite you to read the Foundation's 2023-24 Donor Impact Report to learn how your generosity helped create magical moments and make history.

Sincerely,

Jane Kidd-Hantscher
Executive Director

Fill your tanks to help kids on Fuel Good Day

Have you heard the amazing news?! Children's Rehabilitation Foundation is the charity of choice for Fuel Good Day!

Fill up at any Red River Co-op on Tuesday, September 17, and make a difference for youth living with a disability. On Fuel Good Day, Red River Co-op will donate five cents for every litre of fuel and one dollar from every Co-operative Coffee and Big Cool sold at all of its gas bar locations to CRF. These funds will support our Adaptive Equipment Program, helping children on the waitlist receive life-changing equipment sooner.

Thank you to Red River Co-op for selecting our cause this year.
